

ILLINOIS
UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

Teaching Faculty Positions in Computer Science

The **Department of Computer Science** at the **University of Illinois at Urbana-Champaign** invites applications for **multiple teaching faculty positions at all ranks and in all areas of computer science**. We seek highly qualified applicants with a strong commitment to excellence in teaching and the ability to teach at all levels of the computer science curriculum.

Teaching faculty positions are renewable, career-oriented, non-tenure-track positions. Initial appointments are typically at the rank of Teaching Assistant Professor, with the possibility of promotion to the ranks of Teaching Associate Professor and Teaching Professor. Senior-level appointments are available for candidates with significant additional experience and stature. Applicants for all positions must have a Ph.D. or equivalent degree in computer science or a closely related field, excellent academic credentials, and the promise of excellence in teaching computer science and technically related courses. Applicants for Teaching Associate Professor and Teaching Professor must have demonstrated excellence.

The department has a thriving community of creative, passionate, and innovative teaching faculty who contribute to high-quality instruction, curriculum development, student mentoring, and computer science education research; many of our teaching faculty engage in outreach and service as well.

The University of Illinois has one of the strongest computer science departments in the country, with approximately 1500 undergraduate majors and 500 graduate students across eleven different degree programs. In addition to our flagship undergraduate program in the College of Engineering, our innovative CS+X programs incorporate a strong grounding in computer science with technical or professional training in the arts and sciences. Our graduate program is ranked one of the top five in the country by US News & World Report. We are also one of the leading teaching units on campus, offering computing education to students in every discipline.

In order to ensure full consideration, applications must be received by **January 8, 2015**. Applicants may be interviewed before the closing date; however, no hiring decision will be made until after that date. Salary will be commensurate with qualifications. Preferred starting date is August 16, 2016, but is negotiable. Applications should be submitted by visiting <http://jobs.illinois.edu> and uploading a cover letter, curriculum vitae, teaching statement, and names and contact information for three references. Applicants may also submit supporting material relevant to evaluating their teaching abilities. For inquiry, please call (217) 244-7949 or email Karen Stahl at kstahl@cs.illinois.edu.

The University of Illinois conducts criminal background checks on all job candidates upon acceptance of a contingent offer.

Illinois is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, sex, sexual orientation, gender identity, age, status as a protected veteran, or status as a qualified individual with a disability. Illinois welcomes individuals with diverse backgrounds, experiences, and ideas who embrace and value diversity and inclusivity (<http://www.inclusiveillinois.illinois.edu>). We have an active and successful dual-career partner placement program and a strong commitment to work-life balance and family-friendly programs for faculty and staff (<http://provost.illinois.edu/worklife/index.html>).
